

Bc. Alina Kotenko-Tymkiv

About me

Front-End Developer with 2+ years of experience building responsive, high-performance web applications. Delivered 50+ pixel-perfect landing pages with mobile-first and cross-browser compatibility from Figma designs using HTML5, SCSS, JavaScript and TypeScript – averaging 20–40 pages/month within a cross-functional team of ~20. Optimized load performance for low-bandwidth users. Proficient in React, REST APIs, Git and Agile workflows. Based in Bratislava, available for on-site or hybrid roles.
